## TECHNICAL DATA SHEET

# CONCENTRATED WINDSCREEN CLEANER ANTIMOSQUITOES

ED-03  
MAY 13

### DESCRIPTION:

Concentrated additive for the removal of insects from windscreens. Product to be diluted in windscreen or distilled water.

### CHARACTERISTICS:

- Easily dissolves the remains of mosquitoes and insects deposited on the glass.
- Prevents sprayers from clogging.
- Does not damage or dry out windscreen rubber and wiper blades.
- Does not leave deposits.
- Does not damage the vehicle's paintwork..

### APPLICATIONS:

For all types of vehicles; cars, coaches, trucks, tractors, etc...

### TECHNICAL DATA:

|                          |                                                                    |                            |

We reserve the right to modify the general characteristics of our products in order to facilitate that our clients benefit from the latest technical advances. For more information about the product, it is recommended to consult the Safety Data Sheet (SDS), available through the Customer Service Center in IADA.

### HOW TO USE IT:

To ensure a good mixture: Before filling the windscreen washer reservoir, add the product. Afterwards, top up with Windscreen Washer or water, preferably deionised. A 250 cc bottle is sufficient for 2 to 3 litres of solution.
