

DESCRIPTION:

High quality transmission oil suitable for almost all automotive manual gearboxes, particularly suitable for the replacement of specific OEM original oils, is less complex and takes up less volume. This oil has been tested under stringent conditions and meets the general performance requirements of the vast majority of makes and models in all weather conditions. Synthetic multigrade manual gearbox oil specially formulated for PSA-CITROEN passenger cars.

FEATURES:

- - High viscosity index for excellent lubrication.
- - Enhanced thermal stability. Excellent service stability.
- - Extremely low temperature fluidity, which facilitates cold starts and contributes to fuel economy.
- - High extreme-pressure properties.
- - Excellent anti-wear, anti-corrosion and anti-rust properties.
- - Easy hot and cold shifting: driving pleasure.

TECHNICAL DATA:

Aspect :	Visual	Transparent and bright fluid	
Viscosity at 100°C :	ASTM D445	7-11	cSt.
Viscosity index:	ASTM D2270	150	

** We reserve the right to modify the general characteristics of our products in order to enable our customers to benefit from the latest technical developments. For further product information, please refer to the Safety Data Sheet (SDS), available through the IADA Customer Service Centre.

APPLICATIONS:

The requirements of the car and gearbox manufacturers must be observed. MT 75W80 GL-4 has been developed for light vehicle gearboxes. Its low viscosity makes gear shifting more comfortable.
