

DESCRIPTION:

Synthetic multigrade manual gearbox oil specially formulated for Japanese and Korean passenger cars. Its use improves performance in smoothness and ease of gear shifting at low temperatures. It prevents premature deterioration of synchronisers. MTF 75W90 is formulated for maximum fuel economy and efficiency in passenger car gearboxes.

FEATURES:

- Improved gear tooth fatigue due to its high load capacity.
- Good synchroniser performance for longer gear life and shifting comfort.
- Excellent low temperature fluidity allowing smoother gear shifting at low temperatures.
- High shear stability provides constant viscosity throughout the life of the oil and reduces noise.
- Excellent thermal and oxidative stability for improved transmission cleanliness and extended service life.

TECHNICAL DATA:

Aspect :	Visual	Transparent and bright fluid	
Viscosity at 100°C :	ASTM D445	13.5-18.5	cSt.
Viscosity index:	ASTM D2270	160	

** We reserve the right to modify the general characteristics of our products in order to enable our customers to benefit from the latest technical developments. For further product information, please refer to the Safety Data Sheet (SDS), available through the IADA Customer Service Centre.

APPLICATIONS:

The specifications of the car and gearbox manufacturers must be observed.

- API GL-4 Lancia Ford Chevrolet Opel Saab Hyundai KIA Mazda Mitsubishi Nissan Suzuki Land Rover Jaguar Toyota * check owner's manual before use.
- This oil is recommended for manual gearboxes and driveshafts of passenger cars and vans for which GL-4 is recommended.

QUALITY LEVELS:

API GL – 4
