TECHNICAL DATA SHEET

TECHPLUS 0W30 504.00-507.00

ED-01
ENERO-2019

DESCRIPTION

Aceite 100 % sintético formulado para los motores que responden a las normas a EURO 5 y EURO 6 especialmente del grupo VAG. El Fosforo y el Azufre inhiben el funcionamiento de los catalizadores elevando contaminación, obstruyendo el FAP (Filtro de Partículas), en consecuencia un envejecimiento acelerado del aceite, un consumo mayor de lubricante y un descenso en el rendimiento del motor. Por ello usar TECH-PLUS mejora su rendimiento y disminuye los problemas de obstrucción y contaminación de los FAP.

FEATURES

- Bonds to metal surfaces making engine parts more resistant to wear and decreases friction.
- Combines synthetic technology to provide greater protection in both high and low temperature applications.
- Offers continued protection in all driving styles and temperatures
- Provides superior performance in extreme cold start conditions.

HOW TO USE IT

Oil change: According to manufacturer's instructions and adapted according to use. Do not mix with oils that do not comply with VW 504 00 507 00. Always consult the vehicle service manual before use.

VOLKSWAGEN for its VW 504 00 and VW 507 00 standards requires the lubricant to be perfectly compatible with after-treatment systems, both catalytic converters and FAPs, in order to guarantee reliability without failure in all petrol and diesel engines of the VAG group (VOLKSWAGEN, AUDI, SEAT and SKODA). This type of oil allows extended oil life maintenance.

TECHNICAL DATA

Description :	Oil 100% synthetic
Aspect :	Bright and clear fluid
Viscosity at 100°C :	ASTM D-445 9.3 -12.5 cST.
Viscosity index :	ASTM D2270 150 minimum

** We reserve the right to modify the general characteristics of our products in order to enable our customers to benefit from the latest technical developments. For further product information, please refer to the Safety Data Sheet (SDS), available through the IADA Customer Service Centre.

QUALITY LEVELS:

ACEA C3 / VW TL 52545 - Porsche C30

VW 504.00 / 507.00 Compatible on vehicles that require: VW 501.01-502.00-503.00-503.01-505.00-505.01-506.00 and most engnes 506.01.
