DESCRIPTION:

ATF type hydraulic fluid for power steering and automatic transmissions.

FEATURES:

- Excellent power transmission.
- High Viscosity Index.
- High anti-corrosion and anti-rust power.
- Resistant to oxidation.
- High wear resistance.
- High protection to rubber seals.
- High durability.

HOW TO USE IT:

Its field of application is in automatic transmissions, power steering, automatic transmissions, automatic gearboxes, etc.gearboxes, etc. In all cases where a hydraulic oil of the quality level described below is required..

TECHNICAL DATA:

Description :	Hydraulic fluid for power steering and automatic transmissions.	
Color:	Visual	Red
Viscosity at - 40°C :	ASTM D-445	38 cSt maximum
Viscosity at 100°C :	ASTM D-445	7 cSt
Viscosity index :	ASTM D-2270	165 minimum
Freezing point :	ASTM D-1177	-40 °C
Flash point :	UNE 51-023	215C minimum

We reserve the right to modify the general characteristics of our products in order to facilitate that our clients benefit from the latest technical advances. For more information about the product, it is recommended to consult the Safety Data Sheet (SDS), available through the Customer Service Center in IADA.
