

DESCRIPTION :

Facilitates the dismantling of rusted and blocked mechanisms, e.g. bolts, nuts, etc. Lubricates moving parts such as hinges, bearings, chains and gears. Protects against rust and corrosion. Penetrates and releases stuck and rusted parts such as nuts, padlocks and pistons. Cleans chrome and any metal surface, also removing adhesives and paint residues. Displaces moisture from electrical panels, spark plugs and any electrical material.

FEATURES:

Multifunctional product, lubricates and loosens. Protects equipment and tools from rust. Protects battery terminals and electrical contacts. Lubricates and protects the chain, chainrings, sprockets and moving parts of bicycles. Lubricates hinges and locks. Removes grease, dirt and polishes chrome, plastics and metals.

HOW TO USE IT:

Spray product:

Spray on the part or mechanism to be treated. Wait a few minutes for the action of the product to take place, and proceed with the planned operation.

Flammable spray. Contents under pressure. Harmful or lethal if swallowed. If swallowed, may be aspirated and cause lung damage. May cause eye irritation. Avoid eye contact. Use with adequate ventilation. Keep away from heat, sparks and all other sources of ignition.

TECHNICAL DATA:

Aspect :	Visual	Transparent and bright
Color:	Visual	Brown
Density at 20°C :	UNE 26-389	0.830 / 0.840 g/ml
