BRILLCAR

ED-06
AGO-13

DESCRIPTION:

Water-repelling body polish wax that accelerates drying.

CHARACTERISTICS:

- High water-repellent power for quick and effective removal of rinse water, leaving a dry and
- sparkly surface
- It brightens and protects the bodies
- Does not affect paints, gums or embellishments
- Acts quickly without leaving a trace.
- Do not smear the glasses of cars.

HOW TO USE IT:

Follow the instructions of the automatic washing machine.

In general:

Dose the pure product in the normal wax tank in the polished arch. Adjust the dial until you get a consumption per car between 20 and 40 mL. In systems for two components place the wax in the corresponding to component 2.

For its effect to be adequate, it must be projected on the body under pressure.

For the finishing in manual washing or in manual high-pressure machines, dilution of the product between 5-7% with water ..
